FACTS AND OBSERVATIONS

On a Trip to Farmers, Salt Lick, Yale and Scranton.

Our representative left Mt. Sterling Tuesday morning at 9:12 o'clock. The first stop was at Farmers.

The mills are now closed down because there has been no recent tide to float the logs which are in the creeks above. Trade was quiet. We were to hear any news of importance. As we travel around we find men who are not yet reconciled to the Democratic majority. The thought frequently occurs to us if any Democrats are dissatisfied, how can they hope of bettering their condition by affiliating with W. S. Taylor and other chief Republicans in their struggle for civil liberty by the assassination route and the Republican State Convention.

Mr. Taylor heartily endorsed Mr. Taylor, but we must let men think and act for themselves, trusting that after awhile the right will prevail. We dined with Mr. H. F. Martin.

At Salt Lick we tarried about 2 1/2 hours paying our respects to the business men. At 4 o'clock, in company with W. T. Colvin, the popular salesman for Trimble Bros. Wholesale Grocers, we journeyed toward Yale. Life is having a fine trade.

We had made our first visit to Yale early in April. The day's work was over at the mills at 5 o'clock, so the farmers were resting after supper when we arrived. We were supposed to go to Scranton 8 miles distant. At 3:45, during a heavy rain our train pulled out. Those who could crowd into a cab were in a measure protected from the storm. A man might as well be drowned as scared to death. We must admit that on that narrow gauge road with rolling stock not the best, we were somewhat restless as our train with cars in front, planks and rocks in the darkness and storm.

SCRANTON.

In 1/2 of an hour we were at the Scranton House. We asked but few questions, nor disturbed the social life of cards—except to ask for a paper.

After reading the Sunday School report we were soon asleep, leaving the care of the enterprise of the Onondaga Lumber Co. we were anxious to get a view of the settlement. Before 10 o'clock the train carrying logmen and teams pulled out for the woods on their own.

Mr. John S. Phillips, who is largely interested in the Water-works plant at Mt. Sterling, is General Manager. As he was in Mt. Sterling we had on the pleasant meeting him. F. F. Garlinger is Superintendent. Water W. Pierce, a bustling young man, is in charge of the store, where a large trade is carried on. Employment is now given to about 110 men. The output consists of oak and poplar lumber, ties and laths. A visit to such a plant when in full operation is full of interest. The company now operates 12 miles of road. There are 42 plain box cutters in the settlement and there is not any regularity in the lay out. The hotel is kept by Mrs. M. L. Yapple. We say this because the husband, who is also a blacksmith, referred us to the wife when we wished to pay our bill.

Rev. E. O. Guernsey was soon begun a protracted meeting at Scranton. Here stands the shack of the old Beaver Furnace built in 1819.

There is usually one train a day from Scranton to Yale, running at dark. We did not wish to remain so long and having failed to get transportation, we decided to walk to

YALE EIGHT MILES AWAY.

We admit that we did not relish the job, but the country editor must have experiences. Moreover by going, we could reach home at 4 o'clock, whereas, by waiting, we would get to Mt. Sterling next day at 2 o'clock. With a full head of steam we started down the track. When more than half a

mile we sat down on a log and entered in an alliance with W. W. Hamilton. We traded even. He was to read the ADVOCATE and I was to be taken in his buggy to Yale. Yes that was trading! We were out for business, all things to all men that we may keep the MT. STERLING ADVOCATE far in advance of its competitors. While he was hitching up the writer crossed the field over a bridge where were three men and a lady loading a car. We secured 2 subscribers and probably would have gotten the lady had she not been the wife of one who autoed. Before we reached Yale two more were enrolled, making five since leaving Scranton.

Some editors say: "We never ask a man to take our paper." They are modest and rather back numbers and may be rich. We regard our work as honorable and push it.

Pass those beautiful laurels blooming over the creek? No indeed. They will be appreciated at home, Mr. Hamilton drove into the creek and soon we had those beauties. A bride at Yale and nine brides (besides the writer's family) in Mt. Sterling enjoyed those flowers.

We wish to thank Judge W. C. Taylor, of Menifee, for having that dangerous road above the creek and railroad repaired. Why is it that so many County Judges permit road-owners to neglect their work? A road with great chug holes, or logs and rocks, or slanting on a hill-side is a give-away to the enterprise of a County Judge or overseer. There is need of a craze or agitation for good roads, especially where there is no pike, and even some pike could be improved.

FRUIT AND CROP.

The blackberry crop will be enormous, peaches and apples abundant. We saw but little wheat; corn is making a fine growth. We heard that spring-chickens are ripe.

YALE.

The extensive and substantial improvements being made by E. W. Strack indicate that he expects to carry on business for many years. There is nothing cheap or flimsy in that building he is erecting. When the new plant is in operation in a few weeks employment will be given to more than 400 men. On our next visit we will have something to say about this and other things.

We noticed that the men in town were contributing money, and ascertained that a few weeks ago Mr. L. Cox, while breaking rock for the engine foundation, received injuries in an eye which resulted in the loss of it.

The poor eye may have with you always, and whenever you will, you may do them good. The Lord loveth a cheerful giver.

At 1:45 the train pulled out and we were at home for supper.

When a boy tucks his bulging pocket inside out, we marvel at the quantity and variety of articles he has stowed away. Old lengths of strings, marbles, a horse-chestnut, a top, brass nails, nickery-nuts, an apple, and many more articles are gathered by this "sneaper up of uncon sidered trifles." We think the collection must be hard on a boy's pocket, and it is. But do we ever think of the variety and miscellany of the substances we put into the pocket of our stomachs? There's the apple and the nut, and things beside quite as indigestible as brass nails and with no more food value than so many marbles. And yet we wonder that the stomach "gives out." When the stomach breaks down under the strain of excessive eating and irregular meals it can be perfectly and permanently restored to health and strength by the use of Dr. Pierce's Golden Medical Discovery. The actions of the medicine on the stomach and other organs of digestion and nutrition is so marked, that relief from disease is as once experienced, and the headaches, liver troubles, kidney disorders, skin eruptions and other symptoms of diseased stomach are quickly cured. Whenever the use of a laxative medicine be indicated, use Dr. Pierce's Pleasant Pellets. They act in harmony with the "Discovery" and assist its action by purging the bowels of foul accumulations.

ROYAL

The Absolutely Pure BAKING-POWDER

is the baking powder of general use, its sale exceeding that of all other baking powders combined.

Royal Baking Powder has not its counterpart at home or abroad. Its qualities, which make the bread more healthful and the cake of finer appearance and flavor, are peculiar to itself and are not constituent in other leavening agents.

Great efforts are made to sell alum baking powders under the plea that they are so many cents a pound cheaper than Royal. The admission that they are cheaper made is an admission that they are inferior. But alum powders contain a corrosive poison and should not be used in food, no matter how cheap.

Brief Sketch of Rev. H. P. Walker.

In our last issue we mentioned the death of Rev. H. P. Walker, which occurred in Lexington, Ky., on Saturday evening, June 23, 1900.

The dead minister was a native of Fleming county and at the time of his death was in his sixty-fourth year. His early life was spent in securing an education and later he entered the ministry of the Methodist Episcopal Church, taking charge of the church at Mt. Carmel. At the outbreak of the Civil War he was appointed to the pastorate of the Hill Street M. E. Church in this city. Later he had charge of churches in Mt. Sterling, Covington, Newport and Cynthiana, from which latter place he was again sent to the Hill Street Church in Lexington. This was about eighteen years ago, and at the expiration of his pastorate of four years he became the Presiding Elder of the Covington and Lexington districts.

Four years ago, owing to ill health, he retired from active pulpit service and lived quietly at his home. During his long career in the ministry Dr. Walker had filled every position of honor and trust within the realm

of the Kentucky Conference, being a delegate to every general conference during his service.

He was married in 1860 to Miss Catherine Kenner, of Fleming county, who died in 1886. To this union were born Mrs. Emily Walker Herr, Samuel Pierce, Mrs. W. F. Shipman, William Kenner, Isa and Fay Louise, deceased.

The funeral services were held at the family residence, Rev. Drs. Sims, Daniels, Rand and Deering officiating. The remains were taken to Flemingsburg for interment.

SUMMER COON

Announces As a Candidate For Governor.

He Will Not Use Tease Ballots in His Race.

I come before you as a candidate for governor of the grand old Commonwealth and before advancing with what I wish to saturate your brains with I want you all to give me your attention while I am blowing my Bazoo. I don't want no engerling and sparking going on while I am addressing this crowd of pve eaters. I want none of it in mine. Pig brains and cultured peoples brains never work together only in a case of hunger there fore I hope you will give me your strict attention if you have any a bove the mule t-bone. I will now proceed to progress on a laicla dobie shutful political analization of the present troubles existing in our country. You all no the democratic party when in power ald ways works to the best interest of the masses of the people both rich and poor and wren the republicans are in power the only legislate and work for the millionaires, the never think of the poor man only wren the need his vote. I want to say to you my friends do you no what wren the cause of all our troubles in the last few years? I wren nothing ouler we put to much confidence in our Republican friends, don't wren see what the will do if he get in power? again sat the election enough to saddle a democrat wren I say a democrat. I mean a democrat that goes out to help his party win. I don't want democrats that heps to defeat his party. Oh I take that back for no democrat will never help to beat his one party of course. I never heard of a true Republican helping to defeat his one party yet. I think from the looks of this intelligent looking crowd of cork pullers there are some good democrats in the crowd and it am not badly mistaking I believe there will be enough of the good olds lads to land me in charge of the State lash factory next november. I don't wish any more support that pretins republican rules in preference to democracy, wrenked go together so do birds so do logs so do democrats so do republicans all so me and mr moor. I wish to state to you all as. I am about to bring my speech to a close there will be no military power used in my campaign and if I am defeated with out the aid of soldiers and railroad corporation I will step a step without trouble and aboid by the law of our state. All I ask is a fare deal in an honest count, don't want a shot gun count or a railroad back scratcher. Tease ballots will not be used by me.

Cheap Labor.

The State Prison Commissioners have closed contracts for the labor of 400 convicts at Frankfort for forty cents per day per man, and the labor of fifty convicts at Eddyville at the same price.

A gentleman recently cured of dyspepsia gave the following appropriate rendering of Burns' famous blessing: "Some have meat and cannot eat, and some have none that want it; but we have meat and we can eat."—Kobold Dyspepsia Cures be thanked! This preparation will digest what you eat. It instantly relieves and radically cures indigestion and all stomach disorders.

I feel assured that I could give a conscientious and faithful discharge of the duties appertaining to said office. Earnestly soliciting your support and influence, I am,
Very truly yours,
W. Q. STEPHENS.

We are authorized to announce
H. F. WYATT
As a candidate for Circuit Court Clerk, subject to the action of the Democratic party.

ELECTION LAW.

Where we dispatched to Frankfort for the purpose of presenting to the General Assembly a self election law, this is what we would offer: As the State Commission we would recommend the Chief Justice, the Governor of the State and Speaker of the house. We would then cast lot and according to result would appoint county commissioners in alphabetical order, giving one county two Democrats and one Republican, the next two Republicans and one Democrat, thus alternating, until all the counties had been supplied and thus appointed should be reversed each year, for instance: the county which had two Democrats and one Republican should be two Republicans and one Democrat, so that party raciality would be obviated through fear. Then the laws governing election officers and their duties should be enacted and we believe with this we would have a non partisan and just law, one that should satisfy all men.

At the beginning all State Commissioners would be Democrats, and would always be so, so long as Kentucky remains a Democratic State, but if they were in any way unjust, the county commissioners throughout equally divided, as it would be, could serve to check them. It is evident that an election law is needed in Kentucky and our people should get their heads together in order that an acceptable law may be enacted.

A SHADOW.

The Republican party lays claim to the prosperity of the nation. We can't see much in this claim. If it was not that we had borrowed a vast amount of money and that we owe that amount, there might be some room for talking of our prosperous condition. Products can be high, labor may advance, factories may hum, but we are not reducing our debt, and on the contrary continue to borrow and pile up our obligations hence it seems to us the web the Republican party is weaving about us is becoming closer.

ARROGANCE.

No one can read the proceedings of the Philadelphia Convention without noting the arrogance of Republican leaders. It is boldly assumed by them, that they are the only party capable of managing the affairs of this nation, and logically that they alone are entitled to rule, and still further that they should hold the reins of government to see that we have prosperous times. They even claim the credit for the rains and sunshine, good crops, freedom from pestilence and famine. The same line of reasoning leads them to advocate the policy of imperialism, which means that this country should be converted into a military despotism ruled by soldiers and not by free men. In the Virginia Convention, which met to act on the proposed Constitution for the United States, Patrick Henry opposed its adoption on the ground that it laid the foundation for despotic government; and he said further that in his visions he could see the country filled with armed soldiers. Imperialism means nothing short of this, and this dark vision now lies in the background of Republican policies. The people will rebuke this party, at the polls this fall.

AMUSING.

With a retentive memory there are some incidents that may be properly classed under the above head. For instance that speech of the honorable John Yerkes in seconding the nomination of William McKinley. Liberty! It was the kettle that called the pot black. If Taylor did receive the majority of the legal votes cast (the board of contests says he did not) and if it is true that the office of Governor was lost to him by unfairness would it not occur to a thinking man that the Democrats are following that precedent established by the Republican party when Democracy was robbed of the electoral vote and Hayes was made President of the United States. When the Liberty loving people feel constrained to specify as did Mr. Yerkes and other followers of fugitive Taylor, would it not be wise to pause and give a few words of explanation? Who would deny that Samuel J. Tilden was robbed of the presidency?

THE MAN.

In our canvass for the most capable and strongest man to succeed Judge James H. Hazelrigg, the finger of sober judgment points to Judge James Benton, of Clark county. The judge is a man after my own liking. While he would be glad to be honored with the nomination, it is not with that degree that party should be sacrificed for self. He desires and we want the very strongest man, the best qualified for the position, who can accomplish most for the party.

Hon. J. B. White, of Irvine, candidate for the Democratic nomination for Congress, was here Saturday and addressed an audience at the Court-house. Mr. White is a well posted Democrat, fearless in his arraignment of political corruption. His speech was well received. While he had many friends on his arrival he had more when he left the city.

The city is full of rubber tires just now—the latest things. These wheeled conveyances behind those fine horses we see almost splitting the pike arouses our envious nature just a little bit.

Notice.

Any sum you may owe us is due. Kindly consider this a demand for money and settle without waiting for us to call on you for the amount. Your itemized account is ready to be receipted.

GURRUS & Hazelrigg.

FOR CONGRESS.

Mr. Frank Hopkins, of the county of Floyd, has announced for Congress in this District. It will be remembered by Democrats that for the past three terms Mr. Hopkins has been urged to become a candidate, but each time he has been positive in declining. Such influences have been brought against him at this time that he has yielded to the wishes of the people.

Mr. Hopkins is a sound Democrat, a moral and competent man, one whom the people, regardless of party, should delight to honor. He is the people's candidate, pulled away from his business with the demand that he enter the race for them. So it is Mr. Hopkins is before the Democracy by urgent demands.

DEMOCRATIC PRECINCT CONVENTIONS.

By virtue of a call issued by the Democratic State Central Committee of Kentucky, notice is hereby given that Precinct Conventions will be held in each precinct in Montgomery county, Ky., on July 14th at 2 o'clock p. m., standard time, for the purpose of selecting delegates to attend a county convention to be held at the Court House in Mt. Sterling, Ky., on July 16, at 2 o'clock p. m., standard time, for the purpose of self-selecting delegates to attend the State Convention to be held in the city of Lexington on July 19th, 1900, to nominate a Democratic candidate for Governor.

All legal voters devoted to the principles of the Democratic party and desiring to see those principles succeed, and who, by participating will feel in honor bound to support the nominee, have a right to participate and are hereby invited to do so.

It is the duty of the Democratic Committeeman of each precinct to call the precinct meetings to order. This, the 25th day of June 1900.

H. R. PREWITT,
Chairman.

DEMOCRATIC MASS CONVENTION.

The Democrats of Montgomery county are hereby notified that a Mass Convention will be held at the Court House in Mt. Sterling, Ky., on July 21st, 1900, at 2 o'clock p. m., standard time, for the purpose of selecting delegates to attend the Congressional Convention to be held at Paintsville, Ky., on July 25, 1900.

All legal voters devoted to the principles of the Democratic party and desiring to see those principles succeed, and who, by participating will feel in honor bound to support the nominee, have a right to participate and are hereby invited to do so.

This, the 25th day of June, 1900.

H. R. PREWITT, Ch'm.

DEMOCRATIC PRIMARY ELECTION.

The Democrats of Montgomery County are hereby notified that a primary election will be held in said county on July 10, 1900, for the purpose of selecting a Democratic candidate to fill the office of Circuit Court Clerk for the unexpired term of N. R. Bright, deceased. Polls will be opened at 7 o'clock a. m. and closed at 4 o'clock p. m. of said day.

All legal voters devoted to the principles of the Democratic party and desiring to see those principles succeed, and who by participating will feel in honor bound to support the nominee, have a right to participate and are hereby invited to do so, as well as all young men who desire to affiliate with the Democratic party, who are not twenty-one years of age, but who will be at the coming November election, 1900, are entitled to vote in said primary.

This, June 25, 1900.
H. R. PREWITT, Ch'm.

A SURE THING

Mt. Sterling Will Have Water Works Ere Many Days.

Money Paid For Howard's Mill Property.

The money for Howard's Mill property has been paid and the mill is owned by the water company. The property is a guarantee to the city that the water plant will be constructed within a specified time, and should they fail to comply then the site and water privileges above mentioned go to the city, but the child of Mt. Sterling can be sure the property will never become city property for the reason the plant will be constructed. At what time a force of hands will be put to work is not known, but the people at the head of this are not around making presents of \$4,000 per city. Now to all appearances the water plant is as much a reality as if the mains were laid, standpipe erected, plugs in and residences had passed through the hands of plumbers. Of course this is subject to unforeseen difficulties, but we confidently expect the building of a water plant here.

Oil and Gas.

The Mt. Sterling Oil and Gas Co. are down near 650 feet; at a depth of 275 feet indications were flattering for a gusher, but since it has been hope against hope. If a paying down is not found at a less distance they will go to the end of their rope, 3,000 feet. S. M. Robinson, President, and D. M. Shively, South Bend, Ind., and Dr. Northcutt, of Madison county, are here looking after their interests. Mr. W. H. Kemler, geologist, Pittsburgh, board of exploring corps and is here through curiosity.

The Minutes of the General Association of Kentucky Baptists are out. In appearance they have been patterned after former publications at this office. Typographical errors are no more numerous than in other similar publications. They have the imprint of the Baptist Book Concern, but work was executed by the Chas. Deering publishing house, Louisville, and while not up to former editions, is gotten out in good taste. Secretary Rev. J. K. Kunnelle has done his part well.

The Macatawa Bay Resorter, Holland, Michigan, of June 27th, makes the following statement concerning one of our citizens: C. P. Chenaull, of Frankfort, Kentucky, captured a beautiful string of black bass near the hotel a few days ago. The largest weighed 44 pounds while the average was about three. A fish dinner at the hotel followed.

Now this is so much like Courtland, though a fish story, we accept it as said.

Before another issue of the ADVOCATE the National Democratic platform will be made and candidates named for President and Vice-President. The men in charge of this responsible matter are representative Democrats. They are doing for me that work I have entrusted to them and when the platform has been made it will be mine because I have made it, and the candidates named will be mine because I have named them.

Prof. L. S. Barber, whose residence is near Levee, this county, and who has been an instructor in Clark county for years, has decided to open a select school with a limited number of pupils in this city. Prof. Barber comes highly recommended as a scholar, a gentleman and educator.

Shelbyville College Commencement.

After a very successful year the Commencement of this youthful member of the Kentucky College Fraternity was held May 27-28. Though young in years, his college has attained to so small degree of excellence, having a curriculum equivalent to that of any female college in Kentucky and a faculty the superior of many. In the scientific and classical courses she is unexcelled, while in Music and Art she gives such instruction as is seldom found.

Commencement exercises were opened by the baccalaureate sermon on Sunday in ruling, May 27, preached by R. V. Henry, D. D., pastor of the First Baptist Church of Shelbyville. All the exercises were held at Layton Hall, the college chapel, being unable to accommodate the enormous crowd interested in the college. On Monday evening Gen. John B. Gordon delivered his well known address, "The Last Days of the Confederacy." A large crowd assembled to hear this famous lecturer.

The Commencement Address was delivered on Tuesday morning by Dr. W. P. Harvey of Louisville. There were three graduates: Miss Jennie Mae Perrieh, Glasgow; Miss Rachel Gatton, Eminence; Miss Saline Hamlet Nunn, Shelbyville.

One of the most enjoyable features of the entire program was the Annual Recital by the Faculty and Pupils of the Music and Elocution Departments. The whole Commencement was one lasting tribute to the excellent management of the College and will hold a pleasant place in the memories of all who were so fortunate as to attend.

Pay for Enumerators.

The delay in the payment of the census enumerators has given rise to the statement that the men would not be paid promptly. A dispatch from Washington states that the delay is caused by the wait on the complete list of certified reports from the supervisors. Of the 52,000 enumerators employed so far, only 1,500 have sent in their reports. The entire pay roll will amount to \$3,900,000.

To Lovers of Pleasure.

In this issue appears the advertisement of the Lexington Horse Show, Fair and Carnival.

The managers last year were much pleased; its success this year is assured and from present indications will be remarkable. All persons interested in horses and cattle and those who seek pleasure in their exhibit, will watch the columns of this paper.

Again Arrested and Released.

On Tuesday in Harlan county Jno. L. Powers was arrested for the second time on a warrant from the Circuit Court of Franklin county charging him with being an accessory to the murder of Governor Goebel. A writ of habeas corpus was secured and on trial before County Judge Cornett the prisoner was released, the judge recognizing a pardon from W. S. Taylor.

Harmony.

Kentucky Democrats who want to win in the elections to be held this fall if they are wise will bend all of their efforts to secure harmony in the party ranks. In unity only is there hope of success. In some localities there are extremists who will continue to preach the gospel of hate, but this class does not have the best interests of the party at heart.—Georgetown Times.

"Her Best Thanks."

The following will be of interest to Miss Cloud's many friends here where she once resided:

"Her best thanks" is the message from Victoria, Queen of England, Empress of India, etc., to the pupils of Miss Cloud's Woodland kindergarten, a reply to the birthday greeting from the Kentucky children to the wise sovereign of the great empire. Miss Cloud's kindergarten pupils sent the following to Her Majesty through Lord Pauncefoot, the British Ambassador at Washington:

THE GREETING TO THE QUEEN.

For Her Majesty, Queen Victoria: "We, the little people of Woodland Kindergarten, Lexington, Ky., United States of America, send our greeting to you over the sea, and wish you many happy returns of this day. May you see many days in the new century and live long as an example to the world that 'his only noble to be good.' We have learned about you today and upon the walls of our kindergarten the 'Union Jack' and 'Stars and Stripes' combined have floated over your picture, and our voices have made the air vibrate with 'God Save the Queen.' We send our greeting in the hope that it may please you to know that the American hearts love and honor your character. Yours, with reverence and kindly thought, [Signed by the Class.]

THE QUEEN'S THANKS. Miss Cloud has received the following reply to the greeting:

Washington, June 25, 1900. Madam—I am directed by Her Majesty's Ambassador to inform you that the letter addressed to the Queen congratulating Her Majesty on the occasion of her 81st birthday was forwarded by His Excellency to the Marquis of Salisbury and laid before Her Majesty.

The Queen has now been pleased to signify her commands that her best thanks should be conveyed to the signatories of the letter for their congratulations. I am, madam, your obedient servant, GERARD LAWTON.

The great convention assemblies in Kansas City on to-morrow. Many of the leaders were there on Saturday. David B. Hill arrived in Lincoln, Neb., on Sunday in response to a call from Mr. Bryan. Urey Woodson, of Kentucky, was also there. The indications are that the name of W. J. Bryan will be the only one presented for President. There will probably be several candidates for Vice President. Tammany favors for Vice President a man from a close State like Ohio or Indiana. Some desire an alliance in connection between New York and Indiana.

Urey Woodson, National Committeeman from Kentucky in an interview at Lincoln, Neb., is reported to say:

"The shot that killed Goebel sounded the death knell of the Republican party. If this was not literally true, surely then the act of the recent Kentucky Republican convention endorsing the conduct of Governor Taylor does settle it."

CLARK COUNTY ITEMS.

(The Winchester Sun.)

The law firm Rodney Haggard & Son has dissolved.

Jas. Reed, while cutting wheat suffered a painful injury, having a finger cut off.

The meetings at Mt. Carmel conducted by Elder T. Q. Martin are well attended.

Willie Dean had two fingers of his right hand caught in a binder and badly mangled.

R. M. Scobee has sold his residence on Winn avenue to his father, Squire R. P. Scobee, for \$1,500.

C. B. Eton has sold his 1899 crop of hemp and his growing crop of 50 acres to D. S. Gay at \$4.60.

Johnson Aldridge and B. T. Fox bought of James Palmer 143 sheep and 44 lambs at \$3.25 per head.

A collection of \$135 was taken at the First Presbyterian church last week for the benefit of the India sufferers.

P. L. Skinner, G. G. Prewitt, and Matt Tohey sold their crop of wheat 1,500 bushels, to Levi Goff at 80c per bushel.

Vic Bloomfield's big new building on Main street is being pushed rapidly to completion, and will be ready for occupancy very soon.

The Elk Fair will on the second day of the fair, Aug. 1, the 2nd, give a splendid \$40 premium to the handsomest young lady present on that day.

The tide in the Kentucky river brought quite a number of logs down. The Bart BrabbLumber Co., at Ford, received about 6000 logs and the Ford Lumber Co., about 1500.

About 450 cattle were on the market Monday. Steers brought 44 to 45c, heifers from 34 to 40c, cows 34 to 36c. A lot of sheep were sold at from \$3.25 to \$3.40 per head.

Some twenty of the members of the Cumberland Presbyterian church gave Rev. J. A. Francis and wife a happy surprise Tuesday in the way of a farewell dinner before his departure for a trip through Europe, which will be Friday 25th.

Some weeks ago a mad dog got among S. D. Goff's cattle, and later two of the herd showed signs of hydrophobia, becoming wild and vicious. One in its rage became entangled in a barbed wire fence, cutting itself badly, and had to be killed. The other suffered intensely for two days and died. During the time it nearly rubbed the hair and hide from its head and neck against trees, etc.

K. J. Hampton, Assistant Quartermaster in the Volunteer Army has appointed Albert C. Roberts, of Lexington, as Civilian Clerk. Capt. Hampton has been assigned to take the harbor boat Slocum of the harbor service from New York to San Francisco. The Slocum will sail from New York July 2 and go around Cape Horn. It will require about three months to make the trip.

The Masonic picnic, given Saturday 23rd by the Masons of Clark and Madison counties at Booneboro, was attended by nearly two thousand persons, and the occasion was an interesting and enjoyable one for all. Judge Jas. D. Black, of Barbourville, was the orator of the day. It was perhaps the largest crowd that had gathered on this historic site since the famous semi-centennial celebration held there in 1840, at which forty thousand persons were present, three thousand citizens being in military dress. Military companies from Columbus and Cleveland, Ohio; Maryland and Virginia; and an artillery company from Frankfort, Ky., were present.

There were only two persons present on the 24th who were at the famous gathering in 1840. These were Judge James Flanagan and Mr. Wm. Linn, of Winchester.

Kill the Dogs.

A fine cow belonging to Col. J. N. Crutcher, of Frankfort, died from hydrophobia. A hog which was bitten at the same time, also died. Frankfort is also over run with worthless curs.

Fatal mistakes are made by those who do not heed the earlier symptoms of kidney or bladder trouble—that often end in Bright's disease or diabetes. When Foley's Kidney Cure makes the kidneys well, how foolish it is to delay.

CANCER Cannot be Cut Out or Removed with Plasters

Surgical operations and flesh destroying plasters are useless, painful and dangerous, and besides, never cure Cancer. No matter how often a cancerous sore is removed, another comes at or near the same point, and always in a worse form. Does not this prove conclusively that Cancer is a blood disease, and that it is folly to attempt to cure this deep-seated, dangerous blood trouble by cutting or burning out the sore, which, after all, is only an outward sign of the disease—a place of exit for the poison?

Cancer runs in families through many generations, and those whose ancestors have been afflicted with it are liable at any time to be stricken with the deadly malady.

Only Blood Diseases can be Transmitted from One Generation to Another

—further proof that Cancer is a disease of the blood.

To cure a blood disease like this you must cure the entire blood system—remove every trace of the poison. Nothing cures Cancer effectually and permanently but S. S. S.

S. S. S. enters the circulation, searches out and removes all taint, and stops the formation of cancerous cells. No mere tonic or ordinary blood medicine can do this. S. S. S. goes down to the very roots of the disease, and forces out the deadly poison, allowing the sore to heal naturally and permanently. S. S. S. at the same time purifies the blood and builds up the general health.

A little pimple, a harmless looking wart or mole, a lump in the breast, a cut or bruise that refuses to heal under ordinary treatment, should all be looked upon with suspicion, as this is often the beginning of a bad form of cancer.

Mrs. Sarah M. Keeling, of Windsor Ave., Bristol, Tenn., writes: "I am at years old, and for three years have suffered with a severe form of Cancer on my jaw, which the doctors in this city and was told, and that I could not live more than six months. I accepted their statement as true, and had given up all hope of ever being well again when my friend, knowing of my condition, recommended S. S. S. After taking a few bottles the sore began to heal, much to the surprise of the physicians, and in a short time made a complete cure. I am happy in fact, my appetite is splendid, sleep is refreshing—in fact, an enjoying perfect health."

Our medical department is in charge of physicians of long experience, who are especially skilled in treating Cancer and other blood diseases. Write for any advice or information wanted, we make no charge whatever for this service.

As the result of failure to secure 20,000 harvest hands needed in Kansas the college students, boys and girls, have agreed to take their places in the field.

Take a leaf or two of tobacco, wrap it around the tree at the ground, put next around it to hold it there. The next spring scrape and apply as before, and so on every spring. As long as you do this I believe you will not be troubled with borers.—T. I. James in Home and Farm.

J. T. Larimore, a native of the Bluegrass region of Kentucky, is now one of the most extensive and prosperous farmers in the Dakotas. In one field he has 7,500 acres of wheat, 1,500 acres of oats and barley, and 2,000 acres of flax. In the cultivation and harvesting of these immense crops about 500 laborers and as many mules and horses are constantly employed.

The average wheat crop in Shelby county is about 40,000 bushels; the production in the year 1899 was only 350,000 bushels, while this year, on account of the Hessian fly, the production will not exceed 200,000 bushels or less, or not more than a half crop. Some reliable sources place the crop this year at even less than 200,000 bushels.

The average wheat crop in Shelby county is about 40,000 bushels; the production in the year 1899 was only 350,000 bushels, while this year, on account of the Hessian fly, the production will not exceed 200,000 bushels or less, or not more than a half crop. Some reliable sources place the crop this year at even less than 200,000 bushels.

BIG ENGINE IS SPEEDY.

Special Train of Colorado Excursionists Tests New Locomotive.

Railway men of all classes are watching with much interest the tests of the "1200 series" of engines of the Rock Island road, the largest running out of Chicago in passenger service. Engine No. 1201 was given its first severe test for power and speed last week. The patrons of the Rock Island's first excursion to Colorado occupied fourteen of the largest and heaviest coaches. This was enough for two trains to be pulled by ordinary passenger engines of the day, considering the speed required. The big engine did all that was expected of it and more. Between Chicago and Rock Island it pulled that train of fourteen coaches with ease on schedule time, and when called on for a little extra effort developed a speed of over 72 miles an hour.

Engines of that class will haul all the special trains which will be used by the Rock Island in its series of Colorado excursions, at the rate of one fare plus \$2.00 for the round trip. Three more excursions will be given, leaving here July 9, July 17th, and August 1. The departing time of the special trains will be 4:45 p. m., but on the dates named excursion tickets will also be honored on all regular trains. The special trains to be used are high class throughout. Through dining car service is provided and the run from Chicago to Colorado is made with only one night on the road. Excursion rates will be made to Colorado and Utah from all points on the line of the Rock Island between the Missouri River and Chicago.—Chicago Inter-Ocean.

Residence Sold.

Boisterous Conduct—Work for the Grand Jury.

We are informed that on Saturday and Sunday evenings, June 30 and July 1 in Jeffersonville immediately after religious services and while the people were going to their homes from Church, there was much boisterous conduct, yelling, horse racing and firing of pistols. Such conduct is a great reproach to the community and county, and deserves investigation by the civil authorities including the grand jury.

Of course there are good people in the neighborhood and village who are grieved that people should act thus. We trust that a statement will be sufficient to cause an investigation.

Divorce.

The Piner-Ware scandal appeared very ugly at Hopkinsville when Jas. D. Ware filed an answer to Mrs. Ware's petition for divorce. He alleges that she is guilty of adultery with the Rev. Walker K. Piner. The attachment on his property was in part dismissed, but an allowance of \$75 monthly was made Mrs. Ware.

There is a report afloat that Gov. Beckham will order special elections in the four legislative districts where vacancies exist on account of the death of four Democratic members of the General Assembly. This leads to the belief that the Governor will call an extra session of the Legislature.

During the storm on last Thursday lightning struck the telephone wires disabling 60 phones; the damage was heavy. Mr. McCormick was at work immediately after the storm and the repairing went on rapidly.

THE AGRICULTURAL ANT.

Is Regularly Plants, Attends and Harvests a Crop.

Among the many curious insects found in Texas is the "agricultural ant." It is truly an agriculturalist—planting, tending and harvesting crops as regularly as any farmer in the land.

When getting ready to do its planting, this queer little farmer makes a circular clearing, from ten to twelve feet in diameter, sometimes in the very heart of a cotton field or a cornfield, sometimes in rough, wild pasture land. The work it accomplishes, considering its size, is really marvelous, for with its teeth it cuts through tough, thick stems, and by twisting, pulling and biting, finally clears away everything that would be a hindrance to its crop.

If a fruit tree is near and shades the ant farm too much the ant sets to work and strips the tree of its leaves. Its farm is kept clear of all weeds and other growth, until the crop is ready to harvest, which is in the latter part of June, and consists of tall, yellowish grass. With great care the ant cuts the seed from the stalks and stores it for its future sustenance. The harvesting done, the dry stubble is cut, and the weeds once more take possession of the ground.

Agricultural ants frequently injure fields and destroy many an acre of produce, for, when making their clearings, they ruthlessly cut down corn, cotton, wheat or anything else that obstructs to be in the way. When once they take possession of a piece of ground, they absolutely refuse to be driven away until they have harvested a crop of "ant corn."—Cincinnati Commercial Tribune.

A Jealous Lover.

On an excursion last week, Price Terry shot and dangerously wounded Jimmie Gillum, a young woman of Jackson, in Powell county, a few miles west of Clay City. Terry had accompanied Miss Gillum to Cincinnati, but she deserted him there and returned with another boy, which made him insanely jealous, and he walked to where she was sitting and deliberately shot her.

The Hops.

The hops given by the Sterling Dancing Club are said to have been very nice affairs. There were many visitors in attendance.

Fourteenth Birthday.

The entertainment given by Miss Mildred Davis to fourteen of her friends, the occasion being the celebration of her fourteenth birthday, was most enjoyable. The home on East Main street was made more beautiful by the flowers, placed according to decorative art. Music was inspiring and refreshments delightful. Miss Davis appeared her best and made every one feel at home. Of course that parting hour came too soon for every one of us was glad to be there. Many birthdays come and Miss Davis continue to grow in beauty and the enjoyment of life's sweets.

Caught Beneath the Cars and Crippled for Life.

On Saturday while attempting to board a freight train at Pinegrove on which he was huckster, Mr. James Brannon, of this city, aged about 24, fell under the cars. His right arm was so mangled that surgeons at St. Joseph Hospital, Lexington, amputated it at the shoulder joint. The two middle fingers of the left hand were also cut off and he was badly bruised in the shoulder. For several years he has been much with Joe M. Conroy the saddler until he went on the road about one year ago. His condition is critical and blood poison is feared.

He was an energetic young man, being the only support of his aged mother, Mrs. Ellen Brannon, who lives on Sycamore street. This is indeed a sad accident.

Are Our Ministers to China Safe?

The departments at Washington have no authentic information as to the safety of Americans in China, especially our Ministers. If you will stop and think, and then go to the Lexington Horse Show, Fair and Carnival, Aug. 13-18, you will see some relatives of the "Boxers" and a like delegation from every other foreign nation.

RELIGIOUS.

Revs. Frank and Dawson on Sunday began a two week's meeting at Union, Bath county, preaching every morning and night.

During the summer the W. C. T. U. will hold only one meeting a week. On Thursday at 2:30 o'clock they will meet at the First Presbyterian church.

Rev. G. A. Joplin preached the first sermon of the union series at the Methodist Church on Sunday night. The attendance was large. His sermon was thoughtful and interesting and was favorably received.

The meeting will be held at the Christian Church and the sermon will be preached by Rev. W. J. Boin.

Rev. Wm. Forrest, who has spent a week here from Chicago, preached to a large audience at the Christian Church on Sunday morning. Mr. J. W. Scott and wife, recently of Owingsville, and Mrs. Bettie Hardwick took membership.

Rev. J. M. Rash preached at Jeffersonville on Saturday night and twice on Sunday. He will return on the first Sunday in August.

Rev. French, of Lexington, who has been preaching there for more than a year, has closed his engagement.

At the M. E. church Sunday morning the pastor preached from this text: "A house divided against itself cannot stand." It was a fine sermon full of good advice. A house, I care not what kind it may be, the home, the church, the business, it can not stand. Think on these things.

THE SICK.

Mrs. Sarah Crow, of Indian Fields, has been confined to her bed for fourteen years as a sufferer from neuralgia and rheumatism, and for eleven years of the time was unable to get out on the floor. She is now able to be up and about and bids fair to regain her health completely.

Mr. Joe Orear, aged 81 years, is at the verge of death at his home near this city. All hope of his recovery has been abandoned and friends wait for the final moment.

Base Ball.

The Mt. Sterling base ball team will go to Carlisle to-morrow to play the team at that place. This promise to be a great contest as the boys here have been practicing hard for some time preparatory for this game. They will have a pitcher from Lexington in the box. The following are the members of the team: G. C. Reid, Clayton Fletcher, Ernest Robertson, Howard and Stanley Brown, Iroy Thompson, Harry Welch, Will Mauls and Walter Ekin.

Two Verdicts.

She was a woman, worn and thin. Whom the world condemned for a single sin. They sent her out on the highway. And passed her by as they went to pray.

He was a man, and more to blame. But the world spared him a breath of shame. Beneath his feet he saw her lie. But raised his head and passed her by.

They were the people who went to pray At the Temple of God on a holy day. They scorned the woman, forgave the man. It was ever thus since the world began.

Time passed on and the woman died. On the Cross of Shame she was crucified. But the world was stern and would not yield, And they buried her in the potter's field.

The man died, too, and they buried him In a casket of cloth with a silver rim. And said, as they turned from his grave away, "We have buried an honest man to-day."

Two mortal knocking at Heaven's gate. Stood face to face to inquire their fate. But the world went on its merry way. But she had a pardon from Love Divine.

O, we who judge twist virtue and vice, Which, which you, content to forfeit? Not he who the world had said would win. For the woman alone was selected.

DEATHS.

CURRY.

Miss Maggie Curry, aged 19, died at her home on W. High street, on Wednesday, June 27, 1900, of erysipelas. The funeral services were conducted by Rev. W. J. Boin on Thursday and the burial was in this city.

SUTTON.

After a protracted serious illness, Mr. Thomas P. Sutton, aged 86, died at his home in Fleming county on Monday night, June 25, 1900.

He has been a frequent visitor in this city with the families of his sons, W. A. and A. W. Sutton.

He was an elegant gentleman, and has entered into the rest of the people of God—a waiting a fuller realization of a long life's labors, and service for the Christ.

O'REAR.

Leslie O'Rear was born in this county January, 1854, and died at Colorado Springs, Colorado, on Tuesday, June 26, 1900. He lived in this county until 1879 when he located at Mary, Mo., where he has since lived until the time of his death, his stay in Colorado having been for only a few days, hoping to be benefited.

While here he served one term as Superintendent of Schools, and secured license and practiced law. In his western home he ranked well as a lawyer, and was recently nominated by the Republicans for Congress. He was a member of the Methodist church. At the time of his death he was attended by his son and his brother Millard. He was buried at his home. He leaves a wife and four children, his mother, brother Judge El C., and sisters Misses Lea and Nannie, live in our city, and a brother Millard at Oxford, Ind. Their many friends will regret to hear of his death, and extend their sympathy.

HUNT.

The funeral of John D. Hunt, who died at his home in Clark county, Saturday, June 30th, was held yesterday, 11 o'clock a. m., at Providence Baptist church, conducted by Elders J. S. Wilson and J. J. Gilbert. Burial in the E. J. M. Ekin, family graveyard.

Mr. Hunt was about 60 years of age and leaves a wife (nee Miss Lettie Ekin) and two children. He was one of the best citizens of Clark, and numbered his friends by the legion; he was also a Confederate soldier under John Hunt, Morgan's command. And his pall bearers were old comrades as follows: R. D. Hunter, S. T. Tevis, Jas. Rutledge Sr., W. H. Tucker, J. Harvey Hunt and Thornton Hampton. This is the first death in a family of eight children, the surviving members being S. P. Hunt, of this city; J. W. and G. J. Hunt, Messers, J. H. Haggard, J. J. Gilbert, W. D. Stroud and Kate Hunt all of Clark county, S. P. and R. J. Hunt from this city, attended the funeral.
